- An Easter hunt
- Things to colour and draw
 - Make a card
- Design an Easter egg
 - Play a card game

Get set

Grown-ups: Get ready for the Easter hunt. Cut out the characters and hide them around the house (make sure there's no peeking going on) and pick a prize for the end.

Top hiding places

(from easy to hard)

- Tucked in a shoe
- Peeking out of a book
- Underneath a table
- Inside a cereal box
- In someone's pocket

Start hunting...

Find each of the animals below and tick them off. For an extra challenge, time yourself to see how quickly you can do it.

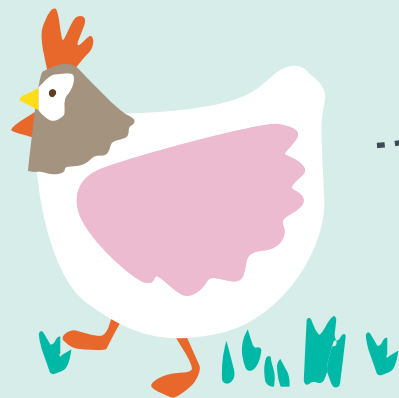

01

This fluffy sheep loves to go BAA. To find it, look both near and far.

02

This chicken likes to put on a show. But now it's hiding, where did it go?

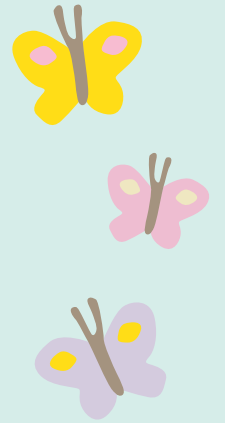

03

Fluffy and yellow, there's no missing this chick. But it might fly away, so you'd better be quick.

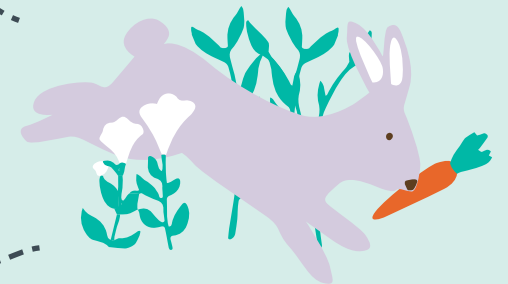

05

Once you find these bright butterflies, then it's time to claim your prize.

04

Hurry, hurry, there's no time to stop. Find this bunny that loves to hop hop hop.

Drawing and colouring? Hop to it

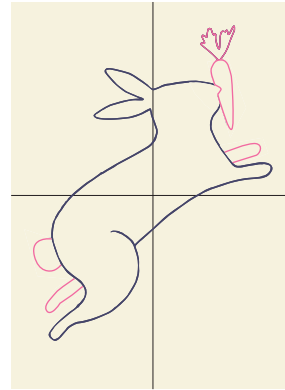

1. Draw the outline of the bunny's body.

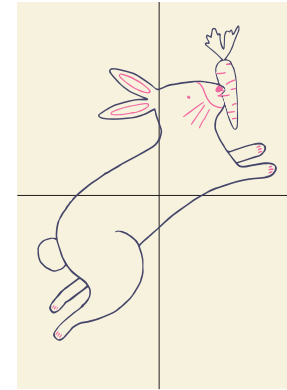

2. Add the head and front paw.

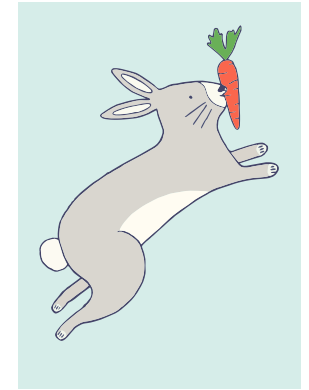

3. Draw on the ears and back leg.

4. Add the remaining legs, a fluffy tail and a carrot.

5. Bring it to life with a face and inner ears. Then put lines on the carrot (to make it extra tasty).

6. All that's left is to colour it in and give it a name.

extra decorations to your egg
(or anywhere else you fancy)

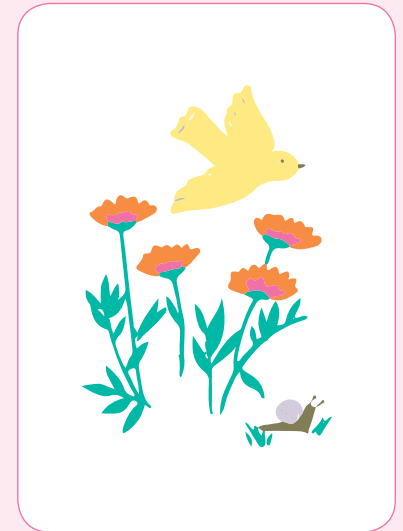

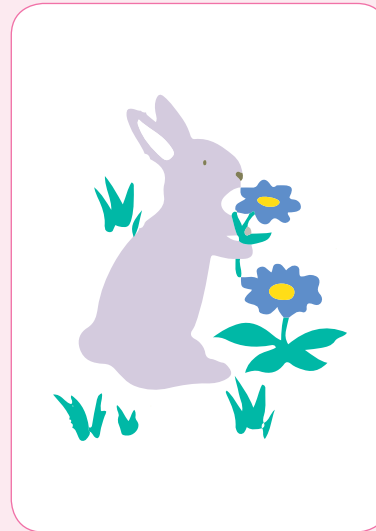

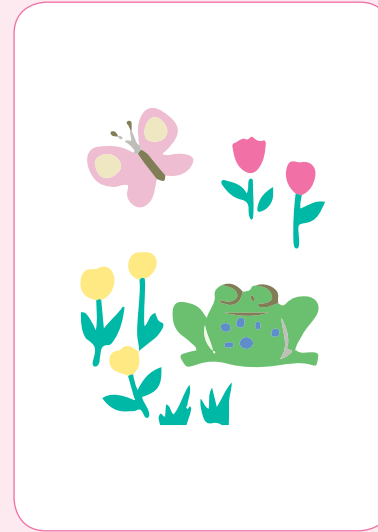

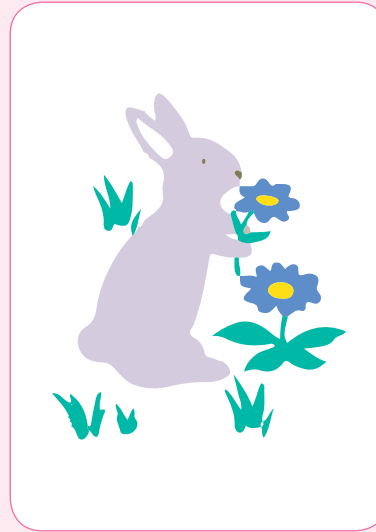

Love games? *Snap.* Us too.

When you're ready for a break from racing around on your Easter hunt, use these cards to play a game of snap.

How to play:

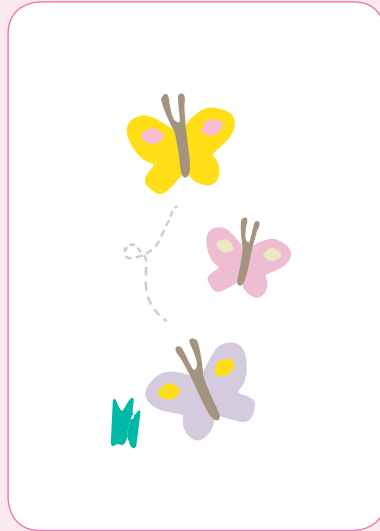

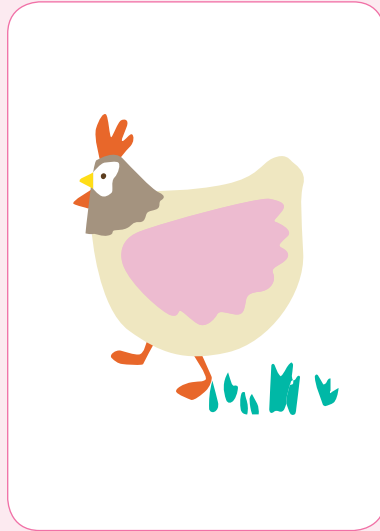

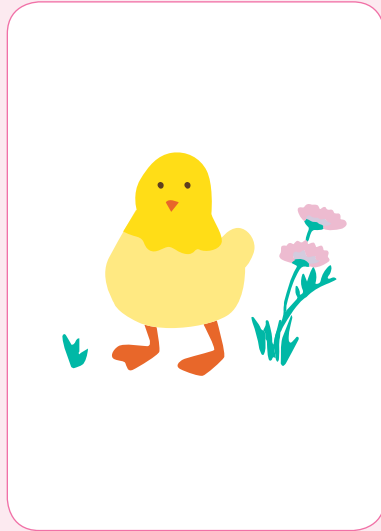

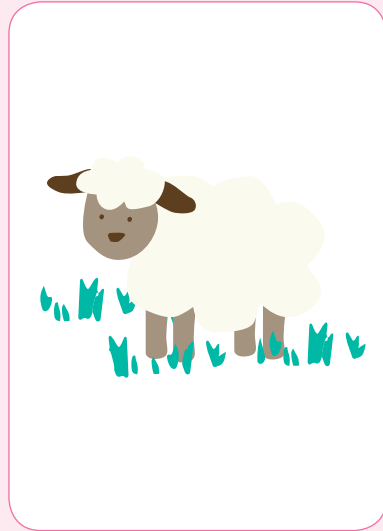

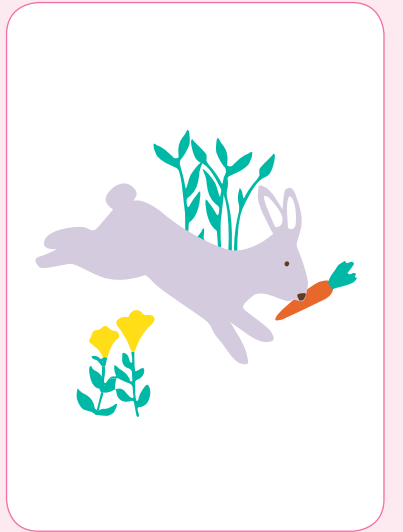

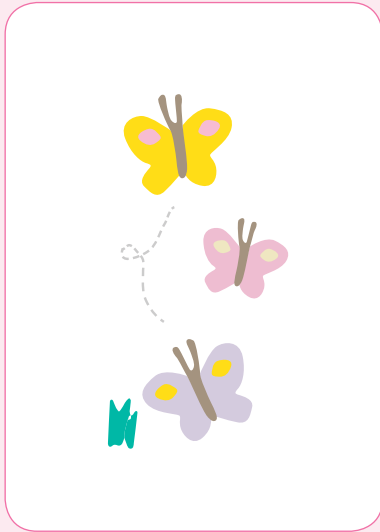

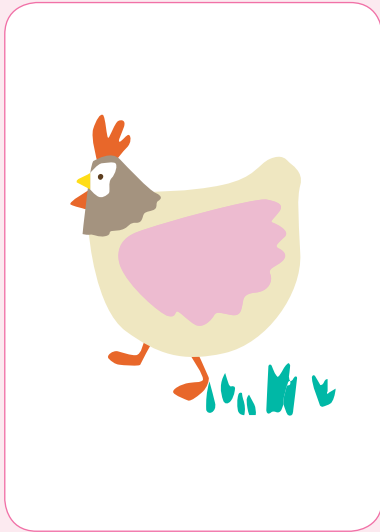

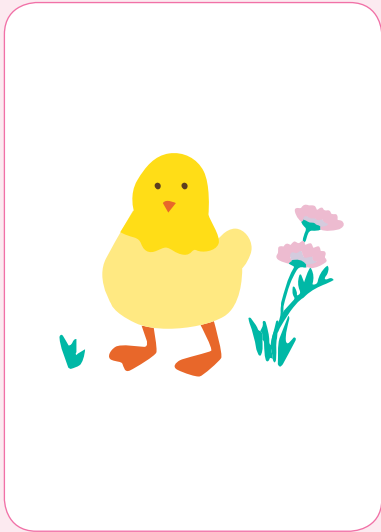

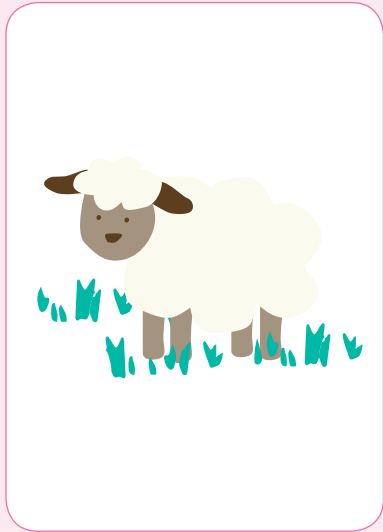

1. Deal all the cards face down. No peeking at the cards.
2. The youngest player goes first and turns over their top card, placing it face up to start a new pile in the centre.
3. The player to the left goes next and turns over their top card to add to the pile.
4. When a card is placed that matches the one before, the first person to shout out 'snap' and put their hand on the pile wins the cards.
5. If your cards run out, you can still 'snap' to win back more cards.
6. Keep playing until someone wins all the cards.

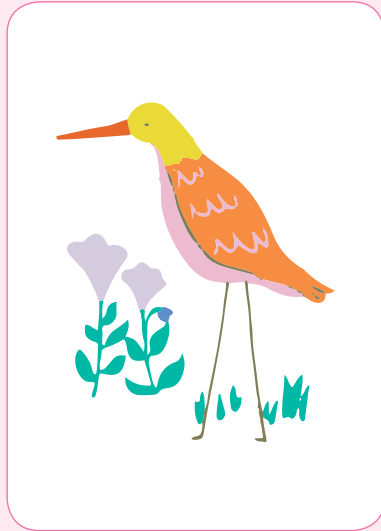

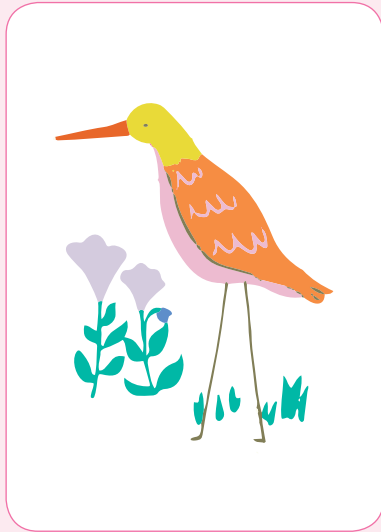

Psst... you could also play matching pairs with your cards.

Start by cutting out all the cards
